Focus on Arles

Arles is a true hub of culture, heritage, history, and art. Since antiquity, thanks to its strategic location on the riverbank, at the northern axis of Europe - the Mediterranean, the city has enjoyed undeniable influence. At the gates of Arles lies the Rhône Delta, one of Europe's most beautiful natural sites, a territory where the fauna and flora protected by the Camargue Regional Natural Park are exceptionally rich. This vast wetland is a major migratory stopover for hundreds of thousands of birds each year and is home to the only flamingo nesting site in France. It is also a major center of Provençal culture and traditions, especially around the breeding of Camargue bulls and horses that graze between marshes and brackish ponds.
